SUMMARY

Results-oriented Full Stack Developer with 2+ years of experience in MERN stack. Skilled in crafting user-friendly, scalable web applications. Proven ability to lead teams, optimize processes, and deliver high-quality solutions on time.

WORK EXPERIENCE

Invictus Digisoft Pvt Ltd.   November 2022 - Present
Software Developer

- **Full-Stack Development & Agile Project Management:** Led end-to-end full-stack development, delivering scalable web apps within deadlines using Agile methodologies.
- **Backend Development:** Built RESTful APIs with Node.js and Express.js, integrated RBAC for secure multi-user access, and optimized performance with efficient queries and caching, reducing response times by 30%.
- **Frontend Development:** Created dynamic, responsive UIs with React.js, boosting engagement by 35%, and implemented reusable components for better maintainability.
- **ERP System Optimization:** Enhanced ERP workflows, reducing processing time by 25% and improving operational efficiency.
- **Data Management:** Developed data filtering algorithms and used MongoDB for managing large datasets, improving data accuracy by 30%.
- **Cross-Functional Collaboration:** Worked with cross-functional teams to deliver quality solutions, cutting development timelines by 20%.
- **Technical Recruitment & Onboarding:** Led recruitment, conducted technical interviews, and created onboarding docs, reducing new hire setup time by 40%.
- **Knowledge Management:** Maintained technical documentation, improving team efficiency and enabling smooth project transitions.

PrepBytes   March 2022 - November 2022

Full Stack Web Development Trainee

- **Web Application Development:** Built responsive MERN stack apps, improving efficiency and reducing load times by 25%.
- **Frontend Enhancement:** Optimized interfaces, increasing engagement by 40% through better responsiveness and visuals.
- **Backend Integration:** Developed RESTful APIs for secure, scalable data handling.
- **Performance Optimization:** Reduced page load times and improved UI responsiveness by 30%.
- **Project Deployment:** Deployed projects using cloud platforms and Git, ensuring reliable launches.
- **Collaboration & Learning:** Worked closely with mentors and team members, enhancing full-stack development skills.

SKILLS

Technical Skills

- **Full-Stack Development:** MERN Stack (MongoDB, Express.js, React.js, Node.js), JavaScript, TypeScript, HTML5, CSS3, Bootstrap, Tailwind CSS
- **Database Technologies:** MongoDB, MySQL, PostgreSQL
- **Version Control & CI/CD:** Git, GitHub
- **Project Management:** Agile Methodologies (Scrum), Jira, Sprint Planning, Backlog Refinement
- **Development Tools:** Visual Studio Code, Postman
- **Performance Optimization:** Implementing caching strategies, reducing response times, and optimizing database queries

Soft Skills

- **Problem-Solving:** Strong analytical and critical thinking skills to debug and optimize complex systems
- **Communication:** Adept at presenting technical concepts clearly to diverse stakeholders, including non-technical teams
- **Time Management:** Skilled in prioritizing tasks and managing multiple deadlines efficiently
- **Adaptability:** Quick learner with the ability to adapt to new tools, technologies, and project requirements

EDUCATION

Bachelor in Science   **June 2018 - Sep 2021**

LANGUAGES

- **English**
- **Hindi**
